

9-1. Respond to Safety Confirmation Request

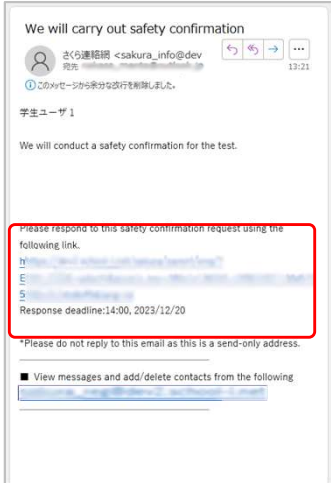

Safety confirmation requests will be sent to the contact(s) you have registered (email address, LINE account, and/or app). You can view and respond to these messages by logging into “My Page.”

Receive through email

Receive through LINE

Receive through app

Example of when a user receives a safety confirmation request through email.

Example of when a user receives a safety confirmation request through LINE.

Just as with messages, you will receive a notification when you receive a safety confirmation request. Tap the notification to launch the app. This will display your “My Page.” You can view the message on this screen.

Log in and respond

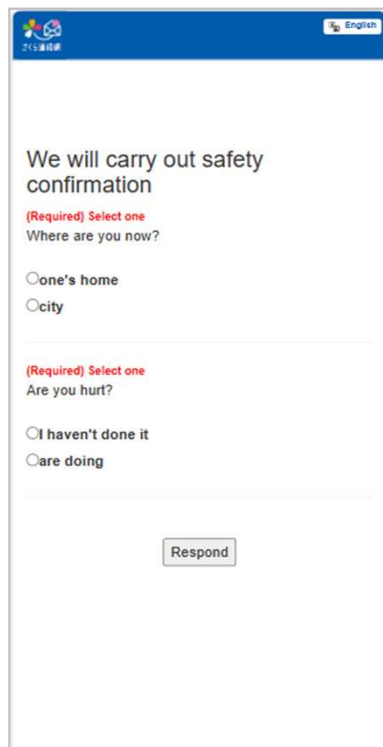

You can also respond from your “My Page.”

Tap “Respond.”

Tap the URL.

Tap the URL.
